Cataract, glaucoma, ocular hypertension, capsular thickening after cataract surgery, eyelid lumps and cysts, blepharitis, dry eyes and the removal of eyelid cysts.	Miss Humma Shahid	•	•

Clinic Listings (Private and NHS)

Special Interest	Consultant	Private	NHS
OPHTHALMOLOGY CONT.			
Cataract surgery, vitrectomy surgery, retinal detachment, macular holes and epiretinal membranes. Diabetic retinopathy and surgical management of diabetic eye disease.	Mr Anil Singh	•	•
Small incision phacoemulsification refractive cataract surgery and medical retinal disease including diabetic retinopathy, age related macular degeneration and retinal vein occlusions.	Mr Michael Toma	•	•
ORAL & MAXILLOFACIAL SURGERY			
All aspects of oral medicine and surgery, salivary gland disease, temporomandibular joint disease. Dental implantology and facial surgical dermatology.	Mr Andrew Camilleri	•	
Head and neck surgery, facial plastic reconstruction, salivary gland disease/ sialendoscopy.	Dr Konstantinos Karavidas	•	
Salivary gland disease, oral cancer, jaw surgery for facial deformity, jaw implants - osseointegrated implants, pre-implant surgery, surgical dermatology and head and neck surgery.	Mr Michael Simpson	•	
ORTHOPAEDICS - HIP			
Hip replacement with CT based 3D planning, revision hip replacement, total and partial knee replacement & arthroscopic knee surgery.	Mr Philip Kerr	•	•
Disc disease, lumbar spinal surgery, general orthopaedics, hips and knees.	Mr Jonathan Kitson	•	•
Hip and knee problems. Joint replacement and sports injury surgery including hip and knee arthroscopy and ACL reconstruction.	Mr Nick de Roeck	•	•
Hip, knee, foot and ankle surgery including ankle and knee ligament reconstruction, hip replacement surgery, lower limb disorders and sports injuries.	Mr Jay Sarkar	•	•
Hip replacement, knee replacement, partial knee replacement, arthroscopic knee surgery, anterior cruciate ligament reconstruction, meniscal repair/ trimming and articular cartilage surgery.	Mr Khalil Shah		•

Clinic Listings (Private and NHS)

Special Interest	Consultant	Private	NHS
ORTHOPAEDICS - HIP CONT.			
Adult and young adult hip arthritis, hip replacement and revision hip replacement surgery, trochanteric bursitis, knee arthritis, knee replacement surgery, key hole knee surgery (arthroscopy) and traumatic injuries.	Mr Stephen Tai	•	•
ORTHOPAEDICS - KNEE			
Specialist in knee surgery. Sports injuries of the knee, knee arthroscopy, orthopaedics and trauma.	Mr Minhal Chatoo	•	
Hip replacement with CT based 3D planning, revision hip replacement, total and partial knee replacement & arthroscopic knee surgery.	Mr Philip Kerr	•	•
Disc disease, lumbar spinal surgery, general orthopaedics, hips and knees.	Mr Jonathan Kitson	•	•
Hip and knee problems. Joint replacement and sports injury surgery including hip and knee arthroscopy and ACL reconstruction.	Mr Nick de Roeck	•	•
Hip, knee, foot and ankle surgery including ankle and knee ligament reconstruction, hip replacement surgery, lower limb disorders and sports injuries.	Mr Jay Sarkar	•	•
Hip replacement, knee replacement, partial knee replacement, arthroscopic knee surgery, anterior cruciate ligament reconstruction, meniscal repair/trimming and articular cartilage surgery.	Mr Khalil Shah		•
Knee replacements including revision arthroplasty of the knee: ACL reconstruction, meniscal repairs & menisectomies, patello femoral ligament reconstructions.	Mr Sarvpreet Singh	•	•
Adult and young adult hip arthritis, hip replacement and revision hip replacement surgery, trochanteric bursitis, knee arthritis, knee replacement surgery, key hole knee surgery (arthroscopy) and traumatic injuries.	Mr Stephen Tai	•	•

Clinic Listings (Private and NHS)

Special Interest	Consultant	Private	NHS
ORTHOPAEDICS - SPINE			
Spinal surgery including the whole range of modern minimally invasive techniques including endoscopic spinal surgery, microdiscectomy, total disc replacement, minimally invasive fusion surgery, kyphoplasty and vertebroplasty.	Mr Dimpu Bhagawati	•	
Lumbar and cervical spine particularly disc prolapse and spinal stenosis. Conservative treatment with nerve root injections and epidural, operative treatment with discectomy and decompression.	Mr Jonathan Kitson	•	•
Comprehensive conservative and operative management of a whole range of spinal conditions. Back pain, nerve pain, sciatica, slipped disc and spinal stenosis.	Mr Sajjad Mushtaq	•	•
Lumbar and cervical spine, stenosis and prolapses. Management: microdiscectomy, decompressions, motion preservation, minimally invasive fusion and injections. Dynamic MRI research.	Mr Nana Osei	•	
Spinal surgery including degenerative conditions, spinal instability, back and neck pain, spinal nerve entrapment, sciatica and also spinal infections, tumours and deformities.	Mr Tamer Sherief	•	•
ORTHOPAEDICS - FOOT & ANKLE			
Surgical management of foot and ankle conditions including arthroscopic/minimally invasive surgery, bunion surgery, ankle arthritis, foot and ankle fractures and deformity correction.	Mr Karan Johal	•	
Hip, knee, foot and ankle surgery including ankle and knee ligament reconstruction, hip replacement surgery, lower limb disorders and sports injuries.	Mr Jay Sarkar	•	•
Trauma and orthopaedic surgery with specialist interest in all foot and ankle conditions including sports injuries, keyhole (arthroscopic) surgery, ankle ligament reconstruction, bunion and Morton's neuroma surgery.	Mr Rupinderbir Singh Deol	•	

Clinic Listings (Private and NHS)

Special Interest	Consultant	Private	NHS
ORTHOPAEDICS - SHOULDER & ELBOW			
All adult shoulder and elbow conditions including arthroscopic reconstructive surgery, shoulder trauma, tennis elbow and tendon problems.	Mr Amitabh Dwyer		•
All adult shoulder and elbow conditions including rotator cuff tears, shoulder impingement, keyhole arthroscopic surgery, joint replacement, sports injuries, arthritis and tendon problems.	Mr Adam Rumian	•	
Arthroscopic reconstructive surgery, shoulder & elbow joint replacement, revision shoulder arthroplasty, shoulder trauma, tennis elbow and arthritis.	Mr Harpal Uppal	•	
ORTHOPAEDICS - HAND & WRIST			
Adult hand and wrist surgery including wrist and carpal bone problems.	Mr Fred Schreuder	•	
Adult hand surgery.	Mr Stephanos Papanastasiou	•	
PAIN MANAGEMENT			
Musculoskeletal pain including low back pain, sciatica, neck pain and shoulder pain. Neuropathic pain conditions. Chronic widespread pain. Pelvic pain.	Dr Anup Bagade	•	•
Low back pain and sciatica. Complex spinal pain. Post spinal surgery pain. Chronic genital/scrotal pain. Neuromodulation techniques and advanced radiofrequency procedures. Neuropathic pain.	Dr Johann Emmanuel	•	•
Management of acute and chronic pain. Special interest in neck pain, low back pain, complex regional pain syndrome and neuropathic pain.	Dr Thomas Samuel	•	•
Chronic pain medicine and neuropathic pain. Regional anaesthesia.	Dr Shravan Tirunagari	•	•
PSYCHIATRY			
Eating disorders, substance misuse, personality disorders, ADHD, perinatal psychiatry, addiction, affective illnesses, anxiety/stress related illness, and psychiatric manifestations of physical disorders.	Dr Leon Van Huyssteen	•	

Clinic Listings (Private and NHS)

Special Interest	Consultant	Private	NHS

Prostate clinic	Urology	Not otherwise specified.

Acceptance Criteria for NHS Admissions at Ramsay Health Care UK

Standard Acceptance Criteria

Under the new Standard Acute Contract that Ramsay Health Care UK hold with the NHS, our acceptance criteria for accepting NHS patients has been updated. The only **exclusions** are:

- Patients under 18 years of age
- Patients with BMI > 40
- A patient with an incapacitating disease that is a constant threat to life
- On the Mental Health Register with acute mental health condition

Please include NHS numbers and confirm all demographic details of the patient including full name, address and daytime telephone numbers including any mobile. Please ensure you include or send any relevant X-rays, scans, test results, BMI, current medication, past medical history and any known drug allergies.

Our services are delivered at NHS tariff with no additional costs to patients or CCGs. Free Hospital Parking.

NHS Coordinators: 01462 427 218

ukpine-nhsadminteam@ramsayhealth.co.uk

Find us on e-Referral Service, by searching for the service required

For more information call 01462 427 218
or visit pinehillhospital.co.uk

Benslow Lane, Hitchin, SG4 9QZ

GP Liaison **Officer**

In order to facilitate relationships between Pinehill Hospital and the wider healthcare community, we have a dedicated GP Liaison Officer working both in and around the Pinehill Hospital primary care catchment area. Jackie Rush-Collins is responsible for building and developing relationships with our local primary care practitioners. She is able to utilise the expertise of our Consultants to provide training and educational events to GPs, Practice Managers, Nurse Practitioners, Optometrists, Osteopaths and Physiotherapists enabling continued professional development.

What our GPL offers

Jackie will provide:

- Primary care educational sessions.
- Consultant-led training for professionals.
- Social events and GP networking opportunities.
- GP surgery medical secretary referral workshops.
- Online referral system support.
- Primary Care referral literature and regular hospital updates.
- A direct liaison between referrers, Consultants and hospital services.

Jackie can be contacted directly as follows:

07469 196 776

jackie.rush-collins@ramsayhealth.co.uk

Private Patient **Manager**

As Pinehill Hospital is committed to the provision of a first class, high quality experience for all patients, we provide a Private Patient Manager service.

Hannah Longhurst is available throughout consultation, treatment and aftercare to offer a personalised service to each patient dependent on their needs and wishes. She is able to provide the vital link required between patients and their Consultant facilitating a streamlined treatment pathway.

What our Private Patient Manager offers

Hannah will:

- Be a point of contact for all private patients.
- Manage the private patient journey.
- Answer private patient queries within 24 hours Monday to Friday.
- Walk patients through the various stages of their private treatment and help with queries or concerns regarding referrals, insurance or anything else relating to their hospital stay.
- Ensure any special requirements are met before, during or after a patient's visit.

Hannah can be contacted directly as follows:

Physiotherapy at **Pinehill Hospital**

The Physiotherapy Department welcomes insured and self-funding patients for the highest standards of physiotherapy in Hitchin and Hertfordshire. Pinehill Hospital provides both inpatient and outpatient private physiotherapy care to patients, which combines a full assessment with education and self-help programmes to achieve a quick recovery.

Our highly qualified and experienced chartered Physiotherapists offer a wide range of specialist treatments, including:

- Back and neck pain
- Sports injuries
- Sprains and strains
- Post-operative rehabilitation
- Tennis elbow
- Frozen shoulder
- Hand and wrist injuries
- Neurological problems
- Women's health
- Breast care
- Painful joint conditions, such as arthritis
- Pregnancy related back and pelvic girdle pain
- ME, chronic fatigue syndrome and fibromyalgia

Pinehill Hospital's physiotherapy department accepts referrals from GPs and consultants, as well as self-referrals. In the case of a self-referral, physiotherapists report any findings back to GPs at the end of treatment. To find out more information or to book an appointment, contact our Physiotherapy department on:

Referring **Private Patients Online**

The Ramsay Health Care online Patient Referral system has been designed to allow you to refer private patients easily, quickly and securely to your Ramsay hospital of choice.

As well as being quick and easy to complete, using the online system will also help reduce your postage costs and speed up the referral process - all in a secure, online environment.

To make a referral, simply visit [ramsayhealth.co.uk/patientreferral](https://www.ramsayhealth.co.uk/patientreferral) and complete the short form.

MAKING AN **ONLINE REFERRAL**

1

In your browser go to www.ramsayhealth.co.uk/patientreferral.

Login with **Ramsayonline** and Password: **Ramsaygp**

2

Select the Ramsay hospital that you wish to send the referral to from the drop-down list

3

Attach a copy of the referral letter by clicking on 'Select' and adding the file or copy and paste it directly into the form

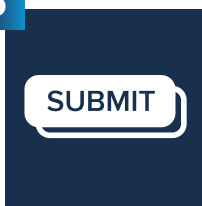

4

Complete the remainder of the form noting the mandatory fields marked with an asterisk

If the consultant is unknown please select 'specialty referral only'

5

Once you have completed the form, press the 'Submit' button to send the referral directly to the Ramsay hospital

6

You see an immediate confirmation that the referral has been received (also sent by email) and the hospital processes the referral

How to find us

Pinehill Hospital

Benslow Lane, Hitchin, Hertfordshire SG4 9QZ

Tel: 01462 422 822

By Road

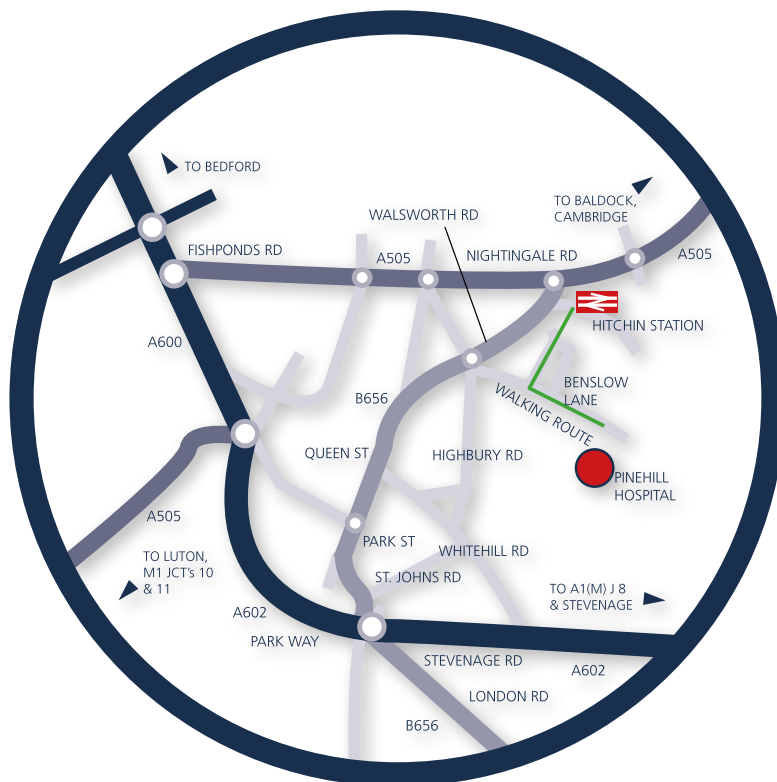

From Stevenage come on the A602 and at the welcome to Hitchin sign turn right up Whitehill Road which has speed bumps. At the top of the road is a small triangle one way system. Get into the right hand lane to go round the back of the houses and then get into the left hand lane and go down Highbury Road past the Girls' School and down the hill over the speed bumps. At the bottom turn right before the zebra crossing.

From the A505 (Luton direction) turn left onto the A600. Follow the road until the Hitchin football ground. Turn right at this roundabout onto Fishponds Road. Carry on over 2 mini roundabouts and turn right at the 3rd roundabout up Verulam Road. Over the next roundabout and left after the zebra crossing.

From the A505 (Letchworth direction) bear left after passing under the railway bridge. Follow this road past Hitchin Railway station until you reach a roundabout. Turn left and immediate left after the zebra crossing. The turn after the zebra crossing is Benslow Lane. Go up the road until it narrows and Pinehill is on the right after the road widens again.

Public Transport

The nearest station is Hitchin and is approximately 5-10 minutes' walk from the hospital. Turn right out of the station along Station Approach. Just before the main road turn left up Burton's Path which brings you to Benslow Rise. Walk along Benslow Rise until you reach Benslow Lane and then continue up the hill to Pinehill Hospital.
